SERMONS

5 JAN Mr. Olivier CARION Germany

Two separate systems in Europe: Babylon (religious) and Assyria (military/political). Co-operation between them will not last - the political will destroy the religious beast. Importance of German concept of the pure superior race (the blood myth).

12 JAN Mr. Terry VILLIERS Missing Dimension in Marriage

Importance of emotional closeness in marriage but many fear this. No justification for separating or distancing yourself from your partner - psychologically or physically.

19 JAN Mr. Gerald WATERHOUSE

The Bible is an identifying book, i.e. it identifies the true church and the man through whom God is working. We must be in the church for the right reason - i.e. to learn teamwork, to re-educate the whole world in the millennium. Satan is particularly hitting at the teenagers - to cause a rift between the generations. Y.O.U. and S.E.P. of great importance.

26 JAN Dr. David WAINWRIGHT (tape) Education for the World Tomorrow

Many are in the right church but for the wrong reason. If you endure, not enjoy, God's way of life, you have missed the point. God's laws are intrinsically self-rewarding.

2 FEB Mr. Terry VILLIERS Brotherly love

If we are not growing spiritually in the basic commandment of showing love for our brethren we are not growing at all.

9 FEB Mr. Ray WRIGHT (tape) Update of the Work

God's Work is massive, highly organised with an awesome responsibility. Teamwork is critical. It is a work of faith and will grow in accordance with how we please God.

16 FEB DISTRICT WEEKEND

Mr. Bill WINNER The Family

Satan is using every effort to destroy the family unit because he knows how vital it is to a stable society. True freedom is not the absence of authority.

23 FEB Mr. Terry VILLIERS Tithing

Basic principles of all three tithes. God judges us not only on how we give or save our tithes but also on how we use second tithe - whether for giving or getting.

2 MAR Mr. Mark ELLIS The armour of God

Put on the whole armour of God. Be aware that Satan will attack your weakest point not your strong points. Use every possible opportunity for spiritual growth we have.

9 MAR Mr. Terry VILLIERS Examine Yourself

We need to accept God's definition of good and evil not determine our own. The cumulative effect of our own sins and others' sins causes oppression. Acknowledge our responsibility in this and make any changes necessary in our lives.

16 MAR Mr. David AUSTIN Problem Solving

World's methods of problem solving: being oblivious to their existence; never recognising own part in the cause; have no answer so use a crutch; change behaviour but not way of thinking. We need to focus on God more, then our problems will lessen.

5 JAN Mr. Keith McLEAN Ritualistic Washings

Pharisees had so many rituals they forgot the purpose of God's law. Their priorities were wrong.

12 JAN Mr. Tom MIDDLEMISS Pre-conceived ideas

Having our own pre-conceived ideas can prevent us from recognising God's intervention in healing, answered prayer, etc.

19 JAN no sermonette

26 JAN Mr. Darryl MUCHE Worship God in spirit

Worshipping God in spirit is what goes on in the mind which has been impregnated with God's spirit.

Israelites had to wander in wilderness because of this. Unthankfulness prophesied in last days. Be watchful, especially before Passover.

16 MAR Mr. Tom MIDDLEMISS What is leaven?

Leaven (sin) insignificantly small and hard to recognise on its own but when mixed with other things (human nature) has great power. Need to de-leaven entirely.
