

January 15, 1991

Dear Mr. and Mrs. Smith,

It's been 28 years since I saw you last when you were in Passaconway, N.H. in July 1963. Time flies!!

The reason I'm writing is the Concord N.H. church will be having its 25th Anniversary Nov. 16, 1991. The first church in New England was raised up Nov 12, 1966. This was made possible by your efforts in conducting the first Bible Study at the log cabin in June 1963. As a result of that first Bible Study we now have 12 churches in New England.

We would like you to come to our Anniversary celebration, if possible. Due to our financial circumstances, we are unable to provide funding for transportation. However, we would be happy with a video or audio tape of about 15 minutes if you cannot come. We would also be pleased with a letter from you that would be read at the Anniversary service.

It was good to hear from you through Roger Sandsmark. I think of you often and am so very thankful for all you did in planting the seed and laying the foundation for the growth that has taken place here in the Northeast. If you choose to do a video or audio tape, please send it to me by Oct. 16th so that we will have time to put yours and the others on one tape. Thank you.

Sincerely, your friend

Denzil F. Thayer
