Business Manager

Dear Ted,

I would like to say at this troubled time, what a pleasure it was to have worked for you as Business Manager of the College.

I can well imagine some of the personal anguish you are going through and I would like you to know that I for one appreciate what you have done for the College.

As you know, I am not a member of the Worldwide Church of God but as a member in the Methodist Church, I can say that we Methodists would be well advised to exhibit the Christian care and commitment that are exemplified by you and the vast majority here at Ambassador.

Fran and I have no idea what we will be doing in the way of a job in the months ahead, but I do want you to know if there is anything we might do for you and Shirley during this difficult period, please let us know. I will be happy to meet with you for any planning sessions or if you care to bounce some ideas around over the telephone, just call.

We care very much about what is happening to you and your family. You really have made a difference in our lives and your example will continue to do so.

In His name,

Dr. James W. Stark
