

Hope of Israel completed!

Wed 13/06/2018 4:42 PM

I got into a rhythm and finished this part of the project. You will see them all at the link below – most have been uploaded and a few more are on the way being uploaded. They should all be there in an hour or so.

You will notice a few missing editions and pages – if they are ever found I shall convert them and upload them too.

The next part of the project is doing the same thing for the Advent and Sabbath Advocate (name change from Hope of Israel) and one person has volunteered – we probably need another volunteer and shall continue seeking.

I am so appreciative of Dr Germano seeking and finding these files - then sharing with me so that I can share freely with others!

Best wishes to all,

Craig
